Education

December 2024 to April 2026: Master of Science (Major Component of Research) Department of Mathematics, University of Moratuwa, Sri Lanka. Area: Applied mathematics with applications in Machine Learning, Thesis Title: Enhancing Classification Accuracy of Frequency Domain Data by Least Squares and Feature Engineering.

January 2020 to July 2024: Bachelor of Science of Engineering Honors Department of Earth Resources Engineering, University of Moratuwa, Sri Lanka. Obtained Upper Second-Class Honours.

Research Experience

January 2025 to date: Research Assistant Department of Mathematics, Faculty of Engineering, University of Moratuwa, Sri Lanka

Industry Experience

January 2023 to June 2023: Geotechnical Engineer (Intern) Sri Lanka Ports Authority, Colombo, Sri Lanka

- hands-on experience across geotechnical engineering, dredging, marine engineering, and electrical systems

Contributions to Research

Areas of interest: Applied Mathematics, Signal Processing, Machine Learning, Computer Vision, Data Science, Applied Probability and Statistics
